Storia

Olympia nasce nel 1979 e si dimostra subito azienda adatta a soddisfare i gusti e le tendenze generate dal momento.

Grande merito va al processo produttivo di serie complete d'arredo bagno; contrariamente ad altre fabbricazioni italiane, legate al settore del mobile, e quindi maggiormente concentrate sui lavabi, Olympia ha iniziato a produrre sanitari fin dall'inizio, impiegando un'esperienza cresciuta negli anni e che oggi garantisce un livello costante di alta qualità.

Sempre molto attenta ad uno sviluppo sostenibile, Olympia promuove il progetto Water is Life, un risparmio idrico intelligente, rivelandosi azienda "esempio" capace di soddisfare il benessere di tutti in termine di ambiente.

L'attenzione e la dedizione dell'organico di Olympia ha portato l'azienda in una posizione di tutto rispetto nella compagine mondiale: ad oggi circa il 75% della produzione viene esportata, ed il nostro made in Italy è presente in 40 paesi diversi.

Un design all'avanguardia, sempre attento alle mode del momento, ha fatto sì che questa "boutique" di produzione abbia sempre un elevato e contraddistinto contenuto stilistico.

History

Olympia started producing sanitary wares in 1979, and the company has proved immediately to suit the trends of the moment. One speciality of Olympia is a very strong experience in the process of manufacturing wc's in contrast to other Italian manufactures who are historically linked to the furniture industry and therefore concentrating on washbasins.

Our company has been producing wc's since the very beginning giving them the necessary expertise to insure a constant high level of quality.

Nowadays Olympia chooses to make the difference in terms of environment and it has always been aware of the need to preserve water consumption. In order to "protect" this precious element the company has created Water is Life project, becoming a fore runner in this field because being a leader means above all protecting people's welfare.

Thanks to the professionalism of our staff today Olympia covers a respectful position in the global view, indeed 75% of production is exported and our "made in Italy" is present in 40 different countries.

The Olympia team always pays attention to the design and the fashions to give our productions desing led style.

MYBAG

MY•BAG: innovazione e unicità per chi desidera trasformare lo spazio bagno in un ambiente esclusivo, dal design ricercato e originale... e il bagno di Olympia Ceramica interpreta la vitalità, la grinta e il dinamismo della vita contemporanea, proiettandoci in un 'viaggio' attraverso un design innovativo, deciso e complesso, il cui risultato finale è l'efficienza. È, inoltre, perfetto per valorizzare quegli ambienti contract che si vogliono distinguere e dove si desidera arredare gli spazi in modo creativo, giovane e dinamico.

MY•BAG: it is innovation and uniqueness for those who wish to transform the bathroom into an exclusive room, characterised by refined and original design... Olympia Ceramica bathroom represents the dynamism, the vigor and the determination of everyday life, projecting us in a sort of "trip" through a firm, complex and original design where the final result is the efficiency. My•Bag is also perfect for enhancing the appeal of project specification settings that want to stand out above the others, and where the desired ambiance is one that has been furnished in a creative, youthful and dynamic style.

crystal

La serie **CRYSTAL** di Olympia si ispira alle molteplici sfaccettature del cristallo e alla preziosità del diamante: superfici inclinate si incontrano dando vita al volume dei prodotti, che si collocano idealmente in un ambiente elegante e raffinato.

Our creation **CRYSTAL** is inspired by the natural crystal formation of precious stone. Like the clarity of diamond this range reflects from its multi-faceted profiles an elegant design to fit the most sophisticated space.

In linea con la tendenza del momento Olympia propone i sanitari back to wall che consentono di avere un impatto visivo gradevole, ed essendo accostati alla parete, la pulizia è facilitata.

Properly in line with the actual trend, Olympia proposes back to wall wc's that permit a pleasant visual impact with a facilitated cleaning.

I sanitari monoblocco rispondono alle esigenze di praticità e design: l'idea di realizzare un wc con cassetta abbinata nasce dalla necessità di risparmiare spazi ed evitare modifiche agli impianti preesistenti. // Close coupled wc answers to the demands of practicality and design: the idea to realize a wc that fitted with a cistern borns by the need of saving space and avoid modifications on existing installation.

| 115

Semplice, lineare, essenziale, la serie **CLEAR** è la risposta di Olympia all'attuale richiesta di linee dal design sobrio ed elegante, in linea con le tendenze stilistiche del momento. Volumi morbidi e dimensioni contenute caratterizzano la nuova serie Clear, la cui semplicità ed eleganza è esaltata dal lavabo con ampio bacino, da collocare su un sobrio piano da appoggio o su una snella ed armoniosa colonna.

CLEAR. Easy, linear, essential. clear range is the Olympia's solution to the modern need of a sober but at the same time elegant design, as for the modern modern inclinations. soft volumes and contained dimensions mark out new range Clear, which elegance and simplicity is intensified by a wide basin to be incorporated on a sober sit on shelf or on a thin pedestal.

Un'alternativa al lavabo su colonna è quello sospeso che può essere installato con semicolonna. Nella versione con semicolonna le tubature restano nascoste. Restando sospeso dal pavimento, la pulizia viene agevolata evitando l'ingombro della colonna.

A further option to the washbasin with pedestal is the wall hung one that can be installed with semi pedestal. For the semi pedestal version the piping remain concealed with wall hung installation, cleaning is highly assisted, avoiding also the pedestal obstruction.

Comino

La zona doccia si compone naturalmente di diversi pezzi; il primo elemento da scegliere è il piatto doccia. Il piatto doccia Comino è molto apprezzato perchè ha una superficie a disegno antiscivolo, l'installazione avviene sopra pavimento. / The shower area is made-up by different items, but the first to choose is for sure the shower tray. Comino shower tray is appreciated for his anti-slip surface with a design drawing. The installation is on flooring.

OLYMPIA CERAMICA: UN'INDUSTRIA ITALIANA PER UN MERCATO MONDIALE

OLYMPIA CERAMICA, con uno stabilimento che sorge su un'area di 40.000 mq., produce sanitari per stanze da bagno fin dal 1979. La produzione ha uno standard qualitativo, valido per tutti i modelli, molto elevato.

Le materie prime sono le più selezionate offerte dal mercato.

I prodotti in vitreous-china (wc, bidet, lavabi, colonne) o fine fire-clay (lavatoi e piatti doccia), sono cotti in forno alla temperatura di 1280° C.

Gli smalti sono particolarmente curati, resistenti e brillanti e i colori sono omogenei e costanti nel tempo.

I prodotti sono ergonomicamente e funzionalmente validi, conformi ai più elevati standard di qualità vigenti negli oltre 40 Paesi in cui OLYMPIA è presente sul mercato.

OLYMPIA CERAMICA: AN ITALIAN BRAND FOR A WORLDWIDE MARKET

OLYMPIA CERAMICA S.R.L. is a Company that produces porcelain for sanitary use since 1979. The production has an only qualitative standard, valid for all models, very elevated.

Oly-Cer - Porcellana sanitaria per sanitari

Miscela di argilla bianca, caolino, quarzo e feldspato accuratamente selezionati, i migliori reperibili sul mercato. La miscela viene lavorata fino ad assumere la consistenza di massa ceramica atta a formare il corpo del manufatto. Il manufatto viene smaltato a crudo e sottoposto a monocottura in forni fino a raggiungere una temperatura di 1250°C. Dopo la cottura la massa ceramica si presenta bianca compatta, con un assorbimento inferiore a 0,5%, inattaccabile dagli acidi e dagli alcali, secondo le vigenti normative UNI. Nel corso della fase produttiva tutti i sanitari Olympia sono sottoposti a controlli sulla lavorazione degli impasti e degli smalti, sulla regolarità di formatura, sulla funzionalità e sulla robustezza (con prove di carico fino a 150 kg. per i lavabi e fino a 400 kg. per vasi e bidet). Lo **SMALTO OLY-SMALT** è costituito da caolino, quarzo, feldspato, silicato di zirconio e ossido di stagno. Durante la fase di monocottura fa unico corpo con il supporto ceramico del singolo apparecchio sanitario. Se colorato, contiene ossidi metallici e pigmenti.

OLY-CLAY - Gres fine porcellanato (fine fire-clay) per lavabi arredo e piatti doccia

Miscela di chamotte, argilla bianca, caolino, quarzo e feldspato accuratamente selezionati, i migliori reperibili sul mercato. La miscela viene lavorata fino ad assumere la consistenza di massa ceramica atta a formare il corpo del manufatto. Il manufatto viene ingobbiato poi smaltato a crudo e sottoposto a monocottura in forni fino a raggiungere una temperatura di 1250°C. Dopo la cottura la massa ceramica si presenta a grana media fine, con un assorbimento inferiore al 9%. L'**INGOBBIO** ha gli stessi componenti usati per la massa ceramica. Lo **SMALTO OLY-SMALT** è lo stesso usato per la porcellana sanitaria e la Garanzia di 10 anni.

Oly-Cer – Vitreous China for sanitary wares.

It's a mixture composed of white clay, kaolin, quartz and feldspar, accurately selected between the best available in the market. The mixture is treated until it will assume a ceramic mass consistence that is needed to shape the final product. The item is raw glazed and then exposed to a firing in a special kiln, reaching 1250 Celsius degrees. Once the firing is completed, the ceramic mass presents herself white and compact, with an absorption lower than 0.5%, acid and alkali proof, following the UNI normative in effect. During the production process all the Olympia sanitary wares use to be exposed to different texts for mixture and glaze making, for the uniformity of formation, for the functionality and for robustness (weighting loading test arriving until 150 kg for the washbasin and until 400 kg for the Wc and bidet).

The **OLY-SMALT GLAZE** is composed of kaolin, quartz, feldspar, zirconium silicate and tin oxide. Throughout of the firing, the glaze use to be incorporated on the product; if it is colored it contains metallic oxides and pigments. **OLY-CLAY** - Refined fire-clay for washbasins and shower trays. It is composed by a mixture of chamotte, white clay, kaolin, quartz and feldspar. The mixture is treated until it will assume a ceramic mass consistence that is needed to shape the final product. The item is engobed, then is glazed and only successively exposed to a firing in a special kiln, reaching 1250 Celsius degrees. Once the firing is completed, the ceramic mass appears white and compact, with an absorption lower than 9%. The **ENGOBE** is made of the same components used for the ceramic mass. The glaze **OLY-SMALT** is the same used for sanitary wares and Warranty 10 years.

Lo studio lavora in diversi settori offrendo una vasta gamma di progetti di design grazie alla collaborazione con molte Aziende leader italiane ed estere. **Ogni progetto di design è completato da una strategia di marketing, rivolta all'identificazione del marchio grazie alla partecipazione a fiere internazionali.** Lo Studio Lucchese aiuta e coordina l'azienda nel processo di promozione del marchio creando ambientazioni personalizzate nelle esposizioni ed organizzando eventi. Francesco Lucchese è inoltre titolare di una cattedra all'Università "Politecnico di Milano".

Design studio works all over the world with different levels of projects depending on the client request, with a great capacity to adapt to different cultural contexts. The studio works in many different fields and offers a wide range of product design projects thanks to the collaboration with many Italian and foreign leader companies. **The design itself is completed with the marketing strategy, the brand identity and the presentation at trade fairs and in showrooms.** This is why Lucchese design coordinates projects of company placement and brand image, focusing attention on graphic design and organizing exhibitions and events. Architecture projects take place across Italy and abroad and are focused on hotels, showrooms and public space. There are plenty of projects aimed to exclusive private residence. Contemporaneously Francesco Lucchese is a professor at the university Politecnico di Milano.

MARCELLO ZILIANI

Nato a Brescia nel 1963 sotto il segno dei Pesci. Nel 1988 si laurea in architettura al Politecnico di Milano con Achille Castiglione come relatore. Dopo 3 anni di esperienza all'estero ritorna in Italia e si dedica allo sviluppo di progetti per il design di complementi, illuminazione, arredo bagno, arredo ufficio, oggetti collaborando, inoltre, a manifestazione fieristiche, coreografie teatrali, direzione artistiche e come coordinatore di design, grafica e comunicazione. **Non ama l'assolutismo e le certezze indistruttibili, piuttosto ama guardare alle cose con occhio sempre diverso per essere sempre in sintonia con loro, preferisce parlare gentilmente e, soprattutto, ascoltare.** Dal 2011 è a professore all'Università di San Marino/ IUAV. Ha firmato progetti per: Allibert, BBB, Bertocci, Calligaris Casprini, Ciacci, Ciatti, Donati, Flex, Flos, Frascio, Geuther, Inglesina, Infiniti, ISA, Krios, Krover, Lanzini, Magis, Modo e Modo, Norda, Olympia, Pali, Progetti, Rapsel, Sintesi, Techimpex, Vanini, Views International, Visentin, Zago.

Was born in Brescia in 1963 under the sign of Pisces. In 1988 he graduated in architecture at Politecnico di Milano with Achille Castiglioni as a speaker (and teacher unmatched). After three years abroad, he returned to Italy and devoted himself mainly to developing projects for the design of furniture, complement, lighting, bathroom, office, objects and early childhood, working in addition to exhibitions, theatrical choreography, art direction, design coordination, graphics and communication. **He doesn't like the absolutism and the indestructible certainties, he loves to look at things with always different eyes to be in tune with them, he prefers to speak softly and, above all, listen.** Like all the designers, more or less, he put aside the minimum necessary equipment of prizes and awards, he has given lectures, workshops, he served on juries and so on. Since 2011 he's a professor of product design at the University of San Marino / IUAV. He signed projects for Allibert, BBB, Bertocci, Calligaris Casprini, Ciacci, Ciatti, Donati, Flex, Flos, Frascio, Geuther, Inglesina, Infiniti, ISA, Krios, Krover, Lanzini, Magis, Modo e Modo, Norda, Olympia, Pali, Progetti, Rapsel, Sintesi, Techimpex, Vanini, Views International, Visentin, Zago.
